Use any of the filtering options on the left to narrow down your search. The **BY KEYWORD** filter is useful to look for courses by title; you can search by any part of the course title.

Click on the **title link** to select a course. The system will display detailed information about the course including the sections offered.

This Course is Typically Selected Alongside Another Course

You have registered for a course that is typically offered in combination with another UConn course (e.g. SPAN3178/SPAN3179, BIOL1107/1108, HIST1501/HIST1502 etc.). Check your UConn course list to be sure you are enrolled in all UConn courses you are taking at your high school. Reach out to your UConn Site Representative for further guidance.

Some courses are offered in combination with another UConn course at your high school. If that is the case, you will receive a pop-up message reminding you to check your list of approved UConn courses and enroll in both courses if applicable.

The course detail page will provide additional information about the course and will show all available sections. Pay special attention to the section you select to make sure you are choosing the correct course and instructor.

Next, click the **<Register>** button for the desired section. This will initiate the registration process. *If you select a course or section by mistake, you can go to the status screen and use the **[abandon]** option to cancel the course/section.*
