Click on the **title link** to select a course. The system will display detailed information about the course including the sections offered.

This Course Selection Includes Two Courses

This selection includes two courses that are taken consecutively at the high school. It includes the fall and spring section of the course, and you will be charged the course fees for both courses.

Some courses are taken consecutively and include the associated Spring course in the enrollment request. If that is the case, you will receive a pop-up message informing you of this.

The course detail page will provide additional information about the course and will show all available sections. Pay special attention to the section you select to make sure you are choosing the right option.

Next, click the **<Register>** button for the desired section. This will initiate the registration process. *If you select a course or section by mistake, you can go to the status screen and use the **[abandon]** option to cancel the course/section.*
